EQUIPPING HEARTS AND MINDS OF STUDENTS TO IMPACT THE WORLD FOR CHRIST

Dear Rising Second Graders,

Summertime has finally arrived!!! Congratulations on completing your first grade year! You have worked so hard this year in reading and, although it is summer break, it is very important for you to keep reading so that you will be ready for second grade. We have an awesome way to keep you reading this summer with little to no fuss (hopefully) and you get to use technology! We hope you will have fun engaging with the leveled library customized at your current reading level. Your goal is to earn as many stars as possible by listening, reading, and taking quizzes on the books you read in the “Level Up” library over the summer. Using the Reading A-Z letter with your username and password, feel free to get started as soon as you are ready. (Bonus stars will be awarded for those who can earn 500 stars by July 1st!!) If you have any trouble or questions, please feel free to send either of us an email and we will get back to you as soon as we can.

Your excited Second Grade Teachers,
