

North Hills is excited to offer several opportunities for your child to participate in educational, enrichment, and creative camps this summer. These camps are sure to get your child thinking outside the box. Don't miss out on these great opportunities! Descriptions are listed for each camp below. Spots will fill up quickly, so sign up early!

**Cost:** Each week at camp will cost \$185.00 per camper.

**Time:** Care will be provided daily, 8:00 am - 5:00 pm.

**Lunch:** Students will need to pack a lunch and snack each day

**PAYMENT:** Payment can be made in person or sent to the front office by check, cash, or credit card.

**REFUNDS:** Once payment has been received, refunds can take place up to one week before the camp meets. If there is a need to change attendance in any camp please let us know as soon as possible. We are able to refund money one week before the camp begins. After that date, we will not be able to make any refunds.

**DISCIPLINE:** We will be holding all students to the [following discipline expectations](#). If a camp sponsor ever believes that a student's behavior merits their removal from the camp, they have the authority to ask that the student not return to the camp on future meeting days. In this case, a refund WILL NOT be issued.

ALL STUDENTS WILL BE PICKED UP FROM CAMP AT 5:00 pm AT THE FRONT OFFICE OF NHCS. Identification may be needed at pickup for the safety of your child.

## CAMP DATES AND DESCRIPTIONS:

## [SIGN UP FORM](#)

### **Ninja Fitness Camp**

June 2nd - June 6th

Teacher: Speedy

Fitness can be fun! This camp will be focused on a number of skills from jumping, climbing, and more. Allowing the camper to release their inner ninja!

### **Bible Camp**

June 2nd - June 6th

Teacher: Stacey Rogers

Students will be engaged in the Bible throughout the week by playing games, making crafts, creating fun snacks and listening to Bible stories. Students will have an exciting time learning about Jesus!

### **BrickED - STEAM Camp**

June 9th - June 13th

Summer STEAM Camp includes designing and launching rockets, robotics, science experiments, and more! A week of fun centered on Science, Technology, Engineering, Arts, and Math. Students will explore elephant toothpaste, stomp rockets, seltzer rockets, solar energy, and more.

### **Meteorology**

Joey Lloyd

June 16th - June 20th

Ready to learn and have fun with a real meteorologist? North Hills own Mr. Lloyd will be helping with summer camp. Campers will be able to build a house that Mr. Lloyd will blow over with a hurricane simulation, they can create homemade weather instruments, play weather games and of course go check out the clouds!

### **BrickED - Robotics Camp**

June 23rd - June 27th

Summer Robotics Camp uses LEGO Spike Prime and Spike Essential, WeDo 2.0 and Makerzoid Robotics to engage kids in building and coding. In this weeklong camp students will design models and program various robots to complete specific tasks. Join us for a week of Computer science tasks with robotics!

### **Drama Camp**

June 30th - July 3rd

Teacher: Mr. Finney

Students will gain an understanding of what rules are followed in the theater while learning about how to create characters. Students will also get to work with a partner to perform a scene. Learning these drama skills will involve games, as well as different exercises such as improv.

### **Camp Invention (\$300 for this week)**

July 7th - July 11th

Teachers: Mrs. Pullen and Mrs. Shinn

At this year's Camp Invention, children will create their own claw machine, discover mesmerizing optical illusions, explore penguins in Antarctica and prototype playful penguin launchers!

### **Under the Sea**

July 14th - July 18th

Teacher: Adele Lloyd

What mysteries lie in the ocean? Let's find out about sea life through indoor and outdoor play, crafts and stories read by different surprise guests. During this fun-filled week under the sea, children will get to play with water, create their own sea creatures, work on other fun crafts, play games and much more.

### **Art Camp**

July 21st - July 25th

Teacher: Michelle Allen

Students will dabble in several media.

Students will be drawing and painting, learning basic drawing skills using B&W, colored pencil, watercolor, and acrylic basics plus a little origami and other craftiness.

### **Gymnastics/Tumbling**

July 21st - July 25th

Teacher: Speedy

This camp is where fun meets technique, focusing on each individual skill level and aiming to progress with time. Students will be working on age-appropriate activities in each session.

### **BrickED - Engineering Camp**

July 28th - August 1st

Summer Engineering Camp offers young minds an opportunity to solve real world problems through science and engineering design models. Students plan, prototype, and design solutions for a current situation that impacts their world. Examples include clean water solutions, saving habitats and other such models. Teamwork, communication, critical thinking, and creativity are the key elements of the camp.
